Community Bulletin

Number	2012/08	Date	21 May 2012
Relevance	HMAS Creswell - Heritage Park		
Topic	Planned electricity outage: Tuesday 29 May 2012		

Transelect manages the maintenance of the Jervis Bay Territory's electricity distribution network.

As part of its maintenance program, Transelect is due to carry out insulation resistance testing on the local substation.

Transelect has advised that the testing will require a rolling schedule of electricity outages. An outage is a temporary interruption to your electricity supply.

The Heritage Park precinct on HMAS Creswell, including Morgan Avenue, Lane Poole Avenue, Eldridge Road, Walters Road and Holliday Crescent will be affected by the planned outage to occur from

11.30 am to 12.15 pm on Tuesday 29 May 2012.

Please contact the Jervis Bay Territory Administration Office on 4442 1217 if you have any concerns about this outage.
